

Benji Room

(2 years – 3 years)

We are a safe home away from home for your toddler. The Benji room is a large toddler room where there are up to 25 children. The Benji room is usually for children who have been in care for a while, are more outgoing and closer to 3 years of age.

What we provide for \$117.00 per day:

We supply nappies, linen, wipes and sunscreen.

We will also assist you and your child with toilet training.

3 nutritious age meals freshly prepared on site.

We also offer Cocorico French lessons to broaden your child's mind and language skills.

What do I need to bring along:

Water bottle, Hat as we are a no hat no play sun safe centre.

A change of clothes, lots of underwear if toilet training.

Comforter eg special toy, book, or dummy to help your toddler settle during the day. If your child does not sleep, we will encourage rest time with a quiet time so that they are ready for play in the afternoon.

Orientation

We suggest you bring your toddler to the centre a few times before you start. This enables the Educators to become a familiar face and to bond with your toddler while you are in the room making the child feel safe that you are still with them. The best time is in the morning so they are involved with morning tea and mat time around 9.30am which lets them be a part of the routine.

Rebate

You will need a Customer Reference Number (CRN) for both you and your baby. Ask Centrelink to link you together as this is not an automatic link and it will save you time. To pay the gap you will need to ask for "Pay to Service" or if you have the rebate come direct to you ask for "other". We suggest you organize this early to ensure a stress-free start.

Open Hours

7am to 6pm
52 weeks per year
Closed Public Holidays

Storypark
